Ward 6, Bed General Hospital at Landen H. Ball.
 Name John Hochstein, Age 31, Rank Priv., Co. A, Regiment 40th N. Y.

Disease or Injury, gunshot wound.
 Result,
 [Name of attending Medical Officer.]
 DATE OF { Admission,
 Return to duty, cured,
 Furlough,
 Discharge from service,
 Transfer to another Hospital,
 Death,

NOTE.—When a patient is first received into a General Hospital, the entries on this Descriptive List will be commenced. All important changes in his condition will be noted on it, (in ink,) from time to time, by the Surgeon in charge of the Ward. When the patient has been wounded, the date and character of the wound will be stated, the nature of the operation, (if any,) and, above all, the result. In case of transfer, this list will be sent, through the Officer in charge of the transportation, or failing one, by mail, to the Surgeon in charge of the Hospital receiving the patient. When this Medical History shall have been completed, by the cure, discharge, furlough, or death of the patient, it will, with the treatment and result carefully noted, be transmitted directly to the Surgeon General.

DATE.	TREATMENT.	DIET.	REMARKS AS TO CONDITION OF PATIENT, &c.
Oct 21.			Received at Kellysburg July 2nd Ball entered outlet - rifled the end - of thigh comminuting the bone and was removed two months later while at Camp Sherman. From the posterior surface - Was removed from Camp S. to McKim Hospital this city.
